

Service code by the nomenclature of medical services	Service description	Cost of the service
Inpatient services		
Surgical treatment of the ENT organs		
<i>Note: The cost of operation does not include anesthesia costs</i>		
A16.08.031	Choanotomy (with application of the Surgitron radiowave scalpel, drilling machine)	30 420,00p.
A 16.08.017	Radical maxillary sinus surgery (with application of the Surgitron radiowave scalpel, drilling machine (endoscopic)	26 000,00p.
A 16.08.017	Radical maxillary sinus surgery (with application of the Surgitron radiowave scalpel, drilling machine (endoscopic). Simultaneous surgery.	9 800,00p.
A16.08.002	Adenoidectomy (with application of the Surgitron radiowave scalpel, endoscopic)	22 000,00p.
A16.08.002	Adenoidectomy (with application of the Surgitron radiowave scalpel, endoscopic). Simultaneous surgery.	8 850,00p.
A16.08.009.001	Nasal polyp removal with use of endoscopic video-assisted techniques	22 000,00p.
A16.27.001	Sinusotomy with use of endoscopic video-assisted techniques (with application of the Surgitron radiowave scalpel)	32 500,00p.
A 16.27.003.001	Sphenoidotomy with use of endoscopic video-assisted techniques	32 500,00p.
A16.08.001	Tonsillectomy (with application of the Surgitron radiowave scalpel)	22 000,00p.
A16.25.019.002	Stapedectomy with piston stapedoplasty (titanium prosthesis)	47 100,00p.
A16.08.013	Septoplasty (with application of the Surgitron radiowave scalpel)	22 000,00p.
A16.08.013	Septoplasty (with application of the Surgitron radiowave scalpel). Simultaneous surgery.	8 400,00p.
A16.08.035.001	Nasal tumor removal with use of endoscopic video-assisted techniques	32 000,00p.
A16.08.040.006	Laryngeal tumor removal with use of endoscopic video-assisted techniques	32 000,00p.
A16.25.035	Ear tumor removal with application of the microsurgical, endoscopic, navigation technique, and endovascular arterial embolization with microemboli or adhesive agents	47 100,00p.
A16.25.039	Middle ear tumor endoscopic electrosurgical removal	22 000,00p.
A16.25.014.001	Tympanoplasty with application of the microsurgical operation	47 100,00p.
	Uvulopalatopharyngoplasty (for obstructive sleep apnea with application of the radiowave scalpel)	12 740,00p.

	Uvulopalatopharyngoplasty (for obstructive sleep apnea with application of the radiowave scalpel). Simultaneous surgery.	8 550,00p.
A 16.08.008	Open rhinoplasty (with application of the Surgitron radiowave scalpel)	44 330,00p.
A 16.08.008	Closed rhinoplasty (with application of the Surgitron radiowave scalpel)	32 000,00p.
A16.08.010.001	Submucous vasotomy of inferior turbinates (with application of the laser and Ztorz video endoscope)	22 000,00p.
A16.08.010.001	Submucous vasotomy of inferior turbinates (with application of the laser and Ztorz video endoscope). Simultaneous surgery.	8 000,00p.
A 16.25.014.003	Tympanoplasty in case of accompanying complications: cholesteatoma, labyrinthine fistula, defects of the middle ear bone walls, simultaneously with the debridement procedure, application of microsurgery, autogenous tissues, allografts	47 100,00p.
A03.08.001.001	Videolaryngoscopy	2 300,00p.
A16.08.037	Pharyngeal cavity tumor removal	22 000,00p.
A03.08.004.003	Video rhinoscopy	2 300,00p.
A03.08.005	Videolaryngoscopy	2 300,00p.
	Surgical treatment of coloproctologic diseases	0,00p.
	<i>Note: The cost of operation does not include anesthesia costs</i>	0
A16.19.005.001	Levatorplasty (proctoperineoplasty)	59 800,00p.
A16.19.047.001	Presacral cyst excision with coccyx resection	41 800,00p.
A16.19.023	Rectopexy	41 800,00p.
A16.19.015	Sphincteroplasty.	41 800,00p.
A16.19.015	Sphincteroplasty. Simultaneous surgery.	19 500,00p.
A16.19.016	Thrombosed hemorrhoid evacuation	22 100,00p.
A16.19.016	Thrombosed hemorrhoid evacuation. Simultaneous surgery.	11 050,00p.
A16.18.030.016	Subtotal colectomy	65 000,00p.
A16.17.016	Ileostomy closure	52 000,00p.
A16.19.013	Hemorrhoid removal (with application of the Surgitron surgical unit)	26 650,00p.
A16.19.013	Hemorrhoid removal (with application of the Surgitron surgical unit). Simultaneous surgery.	16 250,00p.
A16.19.024	Pilonidal sinus excision	26 650,00p.
A16.19.024	Pilonidal sinus excision. Simultaneous surgery.	16 250,00p.

A16.19.008	Prerectal tissue incision or excision	28 600,00p.
A16.19.008	Prerectal tissue incision or excision. Simultaneous surgery.	14 950,00p.
A16.19.034	Opening of acute purulent paraproctitis	28 600,00p.
A16.30.002	Surgical treatment of umbilical hernia	26 000,00p.
A16.30.003	Surgical treatment of paraumbilical hernia	26 000,00p.
A16.30.001	Surgical treatment of inguinofemoral hernia	27 300,00p.
A16.30.002.002	Surgical treatment of umbilical hernia with use of the implanted mesh	32 500,00p.
A16.30.004.012	Surgical treatment of incisional hernia with use of the implanted mesh	39 000,00p.
A16.19.011	Perianal tissue incision or excision (with application of the SURGITRON radiowave surgical unit)	28 600,00p.
A16.19.011	Perianal tissue incision or excision (with application of the SURGITRON radiowave surgical unit). Simultaneous surgery.	16 500,00p.
A16.30.032	Soft tissue tumor excision	22 100,00p.
A16.19.003.001	Anal fissure excision	26 000,00p.
A16.19.003.001	Anal fissure excision. Simultaneous surgery.	16 250,00p.
A16.19.036	Transsphincteric anal fistula excision	39 000,00p.
A16.19.036	Transsphincteric anal fistula excision. Simultaneous surgery.	19 500,00p.
A16.19.006.001	Transperineal excision of the rectovaginal fistula with separate closure of rectal and vaginal defects, anterior levatorplasty	45 500,00p.
A16.19.006.002	Rectovaginal fistula excision with closure of vaginal defects, pull-through operation of the rectal full flap	45 500,00p.
A16.18.017.003	Laparoscopic colon resection	65 000,00p.
A16.14.009.002	Laparoscopic cholecystectomy	39 000,00p.
	Laparoscopy with biopsy from organs	26 000,00p.
A16.30.079	Exploratory laparoscopy	22 100,00p.
A16.30.001.002	Surgical treatment of inguinofemoral hernia with use of the implanted mesh	32 500,00p.
A16.19.048	Rectocele incision with reconstruction of the rectovaginal septum using an allogenic dermal graft	45 500,00p.
A16.19.021.015	Transanal mucosal resection and submucosal dissection of the rectal lower ampulla	59 800,00p.

A16.19.021.015	Transanal mucosal resection and submucosal dissection of the rectal lower ampulla. Simultaneous surgery.	19 500,00p.
A16.19.017	Anal and rectal polyp removal	23 400,00p.
A16.19.017	Anal and rectal polyp removal. Simultaneous surgery.	16 250,00p.
A16.19.013.003	Doppler-guided hemorrhoid desarterization with mucopexy and lifting	RUR 39,000.00
	Resuscitation and toxicological services	
B01.003.001	First examination (consultation) by an anesthesiologist-resuscitator	600,00p.
A18.05.001	Plasmapheresis	3 900,00p.
A18.05.019	Low-level laser therapy (intravenous blood irradiation)	2 600,00p.
A18.05.005	Ultraviolet blood irradiation	2 600,00p.
A11.12.001	Catheterization of subclavian and other central veins	624,00p.
B01.003.004.009	Total intravenous anesthesia	4 550,00p.
B01.003.004.012	Combined inhalation anesthesia (including with xenon)	8 450,00p.
B01.003.004.010	Combined endotracheal anesthesia. Simultaneous surgery.	1 690,00p.
	Additional service to endotracheal anesthesia	4 550,00p.
B01.003.004.007	Spinal anesthesia	3 900,00p.
	Additional service to spinal anesthesia	3 250,00p.
A18.05.014	Indirect electrochemical blood oxidation	1 950,00p.
	Stay in high level comfort wards (services)	0,00p.
	One-bed ward (otolaryngology, surgery)	3 000,00p.
	Two-bed ward (otolaryngology, surgery)	1 500,00p.
	Three-bed ward (otolaryngology, surgery)	500,00p.
	Additional medical observation	
B02.015.002	Nursing care for a CVD patient	325,00p.
B02.007.001	Nursing care for a senile patient	325,00p.
